Hey Michigan veterans! VA, the MVAA and partners will host two virtual events for all veterans, service members, caregivers and survivors. Here's how you can participate:

All Michigan veterans and their families, caregivers, and survivors are cordially invited to take advantage of a unique opportunity to connect directly with an expert for dedicated 1-on-1 assistance in better understanding and accessing the full array of veterans benefits and services you have earned. The partial list of services available includes:

- VA benefits (file a new claim or check on the status of existing claims or appeals)
- VA health care (eligibility and enrollment, schedule appointments, prescriptions, community care)
- Crisis resources (homelessness, mental health, financial)

When registering you will have the option to schedule the virtual appointment time/day, which best fits with your availability.
